SUMMARY

Frontend developer with 2+ years of experience in React, TypeScript and Next.js, focused on accessible, responsive interfaces. I turn Figma designs into reusable components, I have maintained a Storybook design system as part of a remote team, and I co-founded StockNow, an inventory and point-of-sale web app.

EXPERIENCE

StockNow Corrientes, Argentina | Nov 2025 – Present
Co-Founder & Frontend Developer

- Lead frontend development in Next.js 15 (App Router) and React, organized in modular components.
- Built a responsive interface with Tailwind CSS.
- Consume data from Supabase (PostgreSQL and Auth) through REST APIs and manage global state with Context API, rendering views and actions according to each user's role (RBAC).

Making Sense Mar del Plata, Argentina (Remote) | Feb 2025 – Jul 2025
UX / Frontend Developer

- Built accessible, reusable React and TypeScript components from Figma designs for a veterinary services platform, working in an Agile process tracked in Jira.
- Maintained the Storybook design system and led its documentation to support onboarding and maintenance.
- Implemented a strict component architecture and updated the previous component library to the new system.

Freelance Dec 2023 – Jan 2025
Frontend Web Developer

- Built online shops and catalogs with shopping carts for private clients.
- Developed digital invitations as single-page apps with forms, RSVP and date scheduling.
- Delivered documented projects so clients could manage them on their own.

Subsecretaría de Comercio de Corrientes Corrientes, Argentina | Feb 2026 – Present
Community Manager (part-time, 8 a.m. to 1 p.m.)

SELECTED PROJECTS

Bona Budín (bonabudin.netlify.app): storefront (React frontend, Google AppSheet backend) for a local food brand, with a catalog with size options, a cart and orders sent through WhatsApp.

Carpintería San José (carpinteriasanjose.netlify.app): web catalog (React frontend, Google AppSheet backend) for a woodworking shop, with category filters, search and WhatsApp contact. Source: github.com/EmilyGiulianaScher/carpinteria-san-jose.

EDUCATION

Universidad Nacional del Nordeste (UNNE): Bachelor's Degree in Information Systems (in progress) Feb 2024 – Present
